1. Right click on your project and click *Properties*
2. Navigate to: *C/C++ -> General and Preprocessor Include Paths, Macros etc*.
3. Select the *Providers* tab, click on compiler settings row **for the compiler you use**.
4. Add **-std=c++11** to *Command to get compiler specs*

```
${COMMAND} -E -P -v -dD "${INPUTS}" -std=c++11
```

5. Apply changes.

6. Rebuild the index *Project→Index→Rebuild*
